

## Sustainability transition studies: State of the Art and Future Directions – seminar

Time: Thursday 25.4.2019 13.00 – 16.00

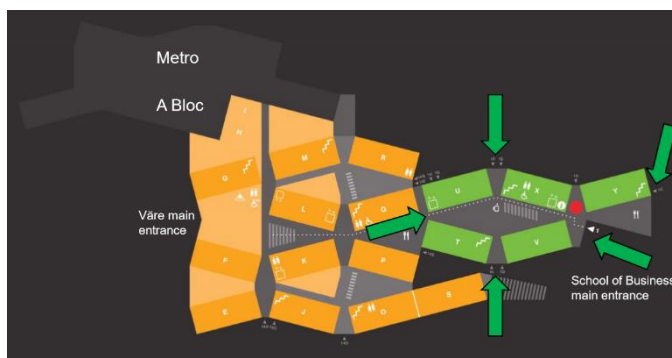

Venue: Aalto University, School of Business, Ekonominaukio 1, Otaniemi, Espoo, 0. Floor, Hall T004.

Chairman of the Board of the Sustainable Transition Research Network (<https://transitionsnetwork.org/>) **Jochen Markard** (Swiss Federal Institute of Technology Zurich, ETH) (<http://www.sustec.ethz.ch/people/sr/jmarkard.html>) will visit Aalto University School of Business being the opponent for **Teresa Haukkala**, whose thesis “*The wicked problem of a low carbon energy transition. Structure, agency and framing in the multi-actor process of solar PV deployment in Finland*” will be publicly examined at the Aalto University School of Business on Friday, April 26, 2019, at 12.00 in the U006 Hall.

A day before, on Thursday, April 25, 2019 the subject of Organization & Management and the Smart Energy Transition project organize a seminar on the status and future directions of transition studies. The presentations in the seminar are:

1. The presentation by **Jochen Markard** based on two current articles:
  - **An agenda for sustainability transitions research: state of the art and future directions** (<https://www.sciencedirect.com/science/article/pii/S2210422418303332>)
  - **The next phase of the energy transition and its implications for research and policy** (<https://www.nature.com/articles/s41560-018-0171-7>, article available inside the Aalto network)
2. Comment: Professor **Sampsa Hyysalo** (Aalto University & Smart Energy Transition project)
3. **Kaisa Matschoss**, University Researcher (University of Helsinki; ENERGISE project, Smart Energy Transition project): “**Practice-based living labs: potential for redesigning socio-technical systems**”
4. **Salvatore Ruggiero**, Postdoctoral researcher (Aalto University; CO2mmunity project, Smart Energy Transition project): “**Success factors of grassroots innovation: Insights from the case of community energy initiatives in the Baltic Sea Region**”

Welcome!
