SOME STUDENT FEEDBACKS

-Docent lecture “*Jaw fractures in children*”, Faculty of Medicine, University of Helsinki, 2012, evaluated as “excellent”.

-“Hanna Thorenin luennot ja luentomateriaalit olivat selkeitä ja tosi tosi hyviä.”

-“Iso, iso kiitos siitä, että meillä on mahdollisuus saada puudutuksessa noin osaavaa, rauhallista ja kannustavaa opetusta kirjaimellisesti kädestä pitäen. Olin Hanna Thorenin ryhmässä, ja hän huomioi kaikki

yksilönä todella hienolla otteella ja sen kuinka paljon kaikkia jännitti ja kädet tärisivät. Jo äänensävykin on täydellinen open rooliin.”

-”Kiitos Hanna Thorénille erittäin rauhallisesta, selkeästä ja to-the-point opetuksesta ja luentoprujuista. Häneltä oli myös helppo kysyä ja kommentoida, hän otti joka kysymyksen erittäin tosissaan ja vastasi huolellisesti”.

-”Thorén opettaa siten että jokainen varmasti ymmärtää ja jos jää epäselväksi niin uskaltaa kysyä”.
