

# STRATAS

Interfacing structured and unstructured data  
in sociolinguistic research on language change

RESEARCH GROUP:

- Terttu Nevalainen (PI; University of Helsinki)
- Anni Sairio (University of Helsinki)
- Tanja Säily (University of Helsinki)
- Samuli Kaislaniemi (University of Helsinki)
- Anna Merikallio (University of Helsinki)
- Taru Nordlund (PI; University of Helsinki)
- Katja Litola (University of Helsinki)
- Johanna Utriainen (University of Helsinki)
- Eetu Mäkelä (Aalto University)
- Poika Isokoski (PI; University of Tampere)
- Harri Siirtola (University of Tampere)

## TOOLS AND MATERIALS

- Developing a modular research toolkit for sociolinguistic analysis
- Charting the reliability of modern editions of English historical texts
- Building a corpus of 19<sup>th</sup>-century Finnish correspondence

## LINGUISTIC QUESTIONS

- Social meaning of spelling variation in historical periods of English and Finnish
- Neologisms in early English correspondence

Funded by the Academy of Finland DIGIHUM programme, 2016–2019
