

LINGUISTICS ARCHAEOLOGY & GENETICS

LAG2 – The origin and expansions of Uralic speaking populations

Wednesday - November 29, 2017

Travel domestic attendees/Arrival

Gathering at the institute at 1pm, aiming for a start at 1.30 pm

1.30 pm Official welcome, housekeeping

2.00 - 2.30 pm

Volker Heyd

4th and 3rd millennium BC East-West and South Interactions between Volga and Baltic

2.30 – 3.00 pm

Henny Piezonka, Olga Poshekhonova, Vladimir Adaev

The Taz Selkup: Ethnoarchaeological insights into the interplay of migration, ethnicity and cultural change of mobile hunter-fisher-reindeer herders in the taiga zone of Western Siberia

3.00 - 3.30 pm

Outi Vesakoski, Terhi Honkola, Kaj Syrjänen, Timo Rantanen, Luke Maurits, Mervi de Heer, Sanni Översti, Unni-Päivä Leino

Applied historical linguistics of Uralic family aims at understanding the holistic past

3.30 – 4.00 pm Coffee break

4.00 - 4.30 pm

Paul Heggarty

Towards a closer estimation of the chronology of Uralic expansions: updated perspectives on Bayesian phylogenetic dating, from the Indo-European Case

4.30 – 5.00 pm

Lyle Campbell

Who, where, when, how?: Unanswered Questions in Uralic Research

5.00 - 5.30 pm

Riho Grünthal

From east to west: language change in western Uralic

6.00 - 8.00 pm Welcome reception and dinner at institute

8 pm Evening talk

LINGUISTICS ARCHAEOLOGY & GENETICS

LAG2 – The origin and expansions of Uralic speaking populations

Thursday - November 30, 2017

9.00 - 9.30 am

Mervi de Heer, Outi Vesakoski, Terhi Honkola, Kaj Syrjänen, Mikko Heikkilä, Jyri Lehtinen, Luke Maurits, Michael Dunn, Rogier Blokland

Language contacts of the Uralic languages and borrowed items in a basic vocabulary dataset

9.30 - 10.00 am

Janne Saarikivi

Locating Uralic protolanguages on map

10.00 - 10.30 am

Natalia Kuznetsova

The history of the ternary quantity contrast in Ingrian dialects: phonetic and cultural factors

10.30 - 11.00 am Coffee break

11.00 - 11.30 am

Kristiina Tambets, Anne-Mai Ilumäe, Bayazit Yunusbayev, Georgi Hudjashov, Siiri Roots, Terhi Honkola, Outi Vesakoski, Quentin Atkinson, Alena Kushniarevich, Sergey Litvinov, Pontus Skoglund, Monika Karmin, Ene Metspalu, Maere Reidla, Lehti Saag, Marina Gubina, Sergey Zhadanov, Larisa Damba, Khadizhat Dibirova, Toomas Kivisild, Oleg Balanovsky, Elena Balanovska, Irina Evseeva, Mikhail Voevoda, Ludmila Osipova, Elza Khusnutdinova, Mait Metspalu, Richard Villems

The genetic structure of the Uralic-speaking populations - do genetic and linguistic data tell the same story?

11.30 – 12.00 am

Oleg Balanovsky, Anastasiya Agdzhoyan, Elena Lukyanova, Elena Kostryukova, David Reich, Johannes Krause, Elena Balanovska

The genetic diversity of Finno-Ugric speakers and their neighbors: footprints of the language shifts there and back again

12.00 - 12.30 am

Mende Balázs, Stégmár Balázs, Csáky Veronika, Türk Attila, Gerber Dániel, Szécsényi-Nagy Anna
New perspectives in the genetic research of ancient Hungarians based on the latest archaeological results from the Ural region

LINGUISTICS ARCHAEOLOGY & GENETICS

LAG2 – The origin and expansions of Uralic speaking populations

...continued ...Thursday - November 30, 2017

12.30 – 2.00 pm Lunch at institute

2.00 - 2.30 pm

Elina Salmela, Kerttu Majander, Thiseas C. Lamnidis, Stephan Schiffels, Päivi Onkamo
Finland 400 1000 years: a genetic view into the population history of Finns

2.30 – 3.00 pm

Kerttu Majander, Sanni Översti, Elina Salmela, Päivi Onkamo
Finns in the light of ancient mitochondrial DNA

3.00 - 3.30 pm

Alissa Mitnik
The Genetic History of the Eastern Baltic Region

3.30 – 4.00 pm Coffee break

4.00 - 4.30 pm

V.Moiseyev, A.Zubova, V.Khartanovich
Origin of the Uralic-speaking populations: the results of integrative analysis of morphological and genetic data

4.30 – 5.00 pm

Larisa Leisiö
Nganasan: language and ethnic group

5.00 - 5.30 pm **Discussions**

6.00 - 7.30 pm Dinner in town at leisure

Restaurant "Schwarzer Bär"
Lutherplatz 2
07743 Jena

LINGUISTICS ARCHAEOLOGY & GENETICS

LAG2 – The origin and expansions of Uralic speaking populations

Friday – December 1, 2017

9.00 - 9.30 am

Johanna Laakso

What happened really? Language change and language contact in Uralic studies: tradition and future prospects

9.30 – 10.00 am

Johanna Nichols

A diachronic linguistic geography for Uralic (and what genetics and archaeology might contribute)

10.00 - 10.30 am

Theseas C. Lamnidis, Kerttu Majander, Choongwon Jeong, Elina Salmela, Anna Wessman, Vyacheslav Moiseyev, Valery Khartanovich, Oleg Balanovsky, Matthias Ongyerth, Antje Weihmann, Antti Sajantila, Janet Kelso, Svante Pääbo, Päivi Onkamo, Wolfgang Haak, Johannes Krause, Stephan Schiffels
The origin and spread of Siberian ancestry in north-eastern Europe

10.30 – 11.00 am

Coffee break

11.00 - 11.30 am

Choongwon Jeong

East of the Urals: the genomic characterization of the Western Siberians

11.30 - 12.00 am

Päivi Onkamo, Markku Oinonen, Petro Pesonen

Comparing apples with oranges – An exercise of integrating event sequences coming from different disciplines.

12.00 - 12.30 pm

Final discussion

12.30 – 2.00 pm

Lunch at institute

2.00 pm onwards

Departure

Venue: Max Planck Institute
for the Science of Human History
Kahlaische Straße 10
07745 Jena, GERMANY
