MOBILISING FOR MOBILE ROMA

Solidarity Activism in Helsinki in the 2000s-2010s

Eds. Aino Saarinen, Airi Markkanen and Anca Enache

The book focuses on civil society: established institutions and forums, radical groups, NGOs, and self-organised individuals who are promoting inclusion and welfare of Eastern European Roma in the name of shared ethnic identities, religious closeness, and universal human rights in Greater Helsinki, Finland. Special attention is directed to methodological issues regarding the research for/with/by Roma.

Contributors

Anca Enache, Airi Markkanen, Heini Puurunen, Aino Saarinen (Helsinki); Cristina Raț (Cluj-Napoca); and Raluca Bianca Roman (St. Andrews). The book also contains the writings and interviews of local pro-activists: Elviira Davidow, Hilikka Helsti, Kyösti Roth, and Angelica Vironen.

Roma Trilogy in the making

The first part, Attention! Roma on the road [Huomio! Romaneja tiellä, Like 2012], analysed the arrival of 'beggars' from Eastern Europe. This second volume, Mobilising for Mobile Roma, makes visible answerable acts of citizenship that challenge populist hate and othering and campaign for social, cultural, and political justice. The third, In Our Own Voice, will give space to the migrants themselves.
